We moved to Va 7 years ago and I met Bobby at Culpeper Regional. He was an exceptional radiographer that has mastered his skill and I learned so much from him professionally. Although the lessons that will stay with me more is how to love people. He welcomed me and my family into his home when I was struggling being so far from mine. He encouraged me, laughed and cried with me, and shared his life. I was so fortunate to have had those moments and I am forever changed by knowing him. I love you Bobby!T
