To wish you comfort as you grieve- a healing strength as you believe that life goes on beyond this shore and all of us will meet once more."The unknown stretches like an ocean far beyond our view, But we can visualize that distant shore-A paradise of perfect peace where skies are always blue-A place where we won't worry any more.And how we wish that those we love could somehow find a way,To let us know they've made it safely there,So we can let them goand know they really are okay.....Receiving all the love we send in prayer."With Caring and Sympathy,"Leon Bull, Big Red and John Doe aka "Empty Pockets"

I have known Fred for over 30 years since I was 14 and you were 18, we met at Big Js family restaurant. We have been thru so much fun and laughter together. My heart is so empty. You have always had the world's biggest heart and so giving and are the bestest friend anyone could ever dream of having. I was so looking forward to calling you on Monday for your birthday but I guess God had other plans. We had so much fun playing the guitar, and after I taught you some chords you went at it and practiced and became really good especially singing those Alabama songs with me. You hooked me up with my first car and taught me how to drive crazy like YOU! so much fun we had jumping those hills. Thank you for being my true dear friend and I love you with all my heart. Until we meet again my friend, you will always be in my heart. I am going to miss you so much my friend. God be with your family who also mean the world to me. with love, Donna Fincham
