My husband was diagnosed of Parkinsons disease 2 years ago, when he was 49. He had a stooped posture, tremors, right arm does not move and also a pulsating feeling in his body. He was placed on Senemet for 8 months and then Siferol was introduced and replaced the Senemet, during this time span he was also diagnosed with dementia. He started having hallucinations, lost touch with reality. Suspecting it was the medication I took him off the Siferol (with the doctor's knowledge) and started him on PD natural herbal formula we ordered from AKANNI HERBAL CENTRE, his symptoms totally declined over a 3 weeks use of the AKANNI HERBAL Parkinsons disease natural herbal formula. He is now almost 51 and doing very well, the disease is totally reversed! (Visit [w w w.aknniherbscentre .com](http://www.aknniherbscentre.com))

I started out taking only Azilect, then Mirapex, and then dopamine for my Parkinson disease, as the disease progressed they didn't help much. A year ago I started on PD TREATMENT PROTOCOL from Aknni Herbs Centre ([w w w. aknniherbscentre .com](http://www.aknniherbscentre.com)). One month into the treatment, I made a significant recovery, my symptoms were gone including tremors . It's been months since I completed the treatment, I am symptom free and I live a very productive life all thanks to Aknni herbs centre !!!
