Dad , While visiting you at the hospital before I left each evening I would tell you that I loved you and would see you tomorrow and you would respond and say I love you to honey be careful going home. Dad the last time that I seen you at the hospital me and Loretta was holding your hands and I was telling you that I loved you and you held our hands in yours very tightly and said I love you to, I love all my kids as you had told me as long as I can remeber you have said those words to me. Dad you were so very weak we were so surprized that you had the strength and at that moment I have held those very precious words in my heart and will forever. I am so glad that I always told you how much that I loved you and that you were the best father in the whole world . I love you and miss you so very much! Your daughter Donna

RIP John, we have so many memories of you it's difficult to pick just one. What a great wedding I had, you provided services for my husband Paul and I six years ago, a wedding that all our family and friends still talk about to this day.. married two times in three minutes, i am pretty sure we are the ONLY couple in the world to be able to say that!!! The times that you went hunting with Rick, Wayne, Paul and the others will never be forgotten and you will be missed every year at hunting season..especially when hunting and returning to camp you were always the first one back before all the others, sitting alone by the campfire freezing and trying to keep warm and eating well..Everybody that knows you has been blessed in life.. RIP John we love you!

John would always laugh at the way I spelled Loretta's name because of the way he pronounced it--- L-o-r-r-e-t-t-a. It sounded to me like he was saying, "Low-retta." Sue
