Me and darwin were cool in middle school and then high school came went to separate schools I used to go over my best friends house and hang out in the same neighbourhood darwin lived we would hang out I went to spotty high he went to Courtland he would ask me in middle school was I coming to Courtland I said yeah know I would end up in spotty high because of where I lived and when I hung out in Darwin's neighbourhood he'd ask when I was coming to Courtland I'd tell him soon so like six months into my freshmen I moved in with my best friend Robbie to mill garden neighborhood where darwin lived and we were cool ever since we sat at the same lunch table playing spades when lunch was over he'd clean his area and say a clean table was a happy table . he was one of the reasons I went to Courtland ill miss you man much love .
