Mr jones was like a second father to me during my school years as his daughters were my best friends and more like sisters they we argued. He was always there if you needed him. Even it has been awhile since I saw him I will forever cherish the things he did for me when I was a kid

My heart is heavy and happy at the same time. You are now with grandma and grandpa in heaven. Now there is nothing that can hold you back. You can walk again and enjoy the sites of heaven. So many here will miss you dearly but they know you are no longer in pain or confined to a bed. You are happy and watching us all from heaven.

We will all miss you Uncle Bobby. You are my best crabbing and fishing buddy. We really had some incredible times on those Colonial beach trips. I will always treasure our time together. So many happy moments...I rejoice today for you. After 20 years of struggling with disease and being confined to a bed, I can only imagine what it is like for you in heaven - fully healed, young, and strong again. No more beds for you. Never again! In my mind's eye I imagine you running up and down the streets of heaven with Grandma and Granddad in tow. So many things to do and see. We all love you and will see you when our time on earth is finished. What a reunion that will be. Here is one of my favorite scripture verses about Heaven. "As it is written, eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love Him." 1 Corinthians 2:9 This verse teaches that the human mind lacks the capacity to understand the glories and wonder of Heaven. And now you are experiencing it... This is not the end, but rather a glorious new beginning with Jesus. See you after a while...
