Javier, I'll never forget your sense of humor (how you used to trick me all the time), your huge smile, your quick wit, and your sense of style. You were always such a good sport. I'm sitting here typing this and thinking all the wonderful memories I have of you. I miss you and will never forget you. - Beth Klima-DuBois.

It was an honor to have had such a strong and wonderful young man in my classroom. Javier, there are many things to remember about you like when you used to speed in your chair around the school running people over. However, I will always remember your big smile and your excellent skills at flirting with the girls... but above all, your desire to live your life. Thank you for allowing me to be part of it. I will always keep you in my heart.

Kelly and Kelly's family, I'm sorry I couldn't make it to the service cause I was working today. I know it's a very tough time for you guys, but don't let this situation prevent you from finding true happiness. Just remember that with every dark night comes a brighter day. So stay strong and more importantly, just know that your son is in a better place and doesn't feel anymore pain.
