I was shocked beyond words. John was one of my most favourite colleagues and I will miss him!! will miss his light way of talking about even very serious issues, I will miss him making jokes, I will miss having him "our man in the US". I will remember laughing every time at his opening words "customer support is not just a job number 1 but it is the only job"; I remember laughing till my stomach hurt at the off-site in Culpeper years ago. Many many more good moments to remember... Like all the people who even knew him, I will miss him! Miss this kind, friendly, warm and light man. My thoughts are with you, his family and friends during these difficult times
