Lloyd & I were in homeroom all four years at CHS. We were also in Data Processing our junior and senior years. Lloyd was always kind, always helpful. He never had anything negative to say about anyone. He loved playing Trivial Pursuit and enjoyed sharing his knowledge and beating us all!! We reconnected on FB a few years back & I learned that we shared a love of cats. Rest in peace, Lloyd & thank you for your friendship.

Lloyd was a good friend throughout high school. We had Business Math with Mrs. Ford together and he was always witty, friendly, and helpful. If I had a question about something, he'd always be there to help me out and playfully say "DO YOU UNDERSTAND??? BILLY??" lol. We also shared an interest in Wrestling. Once we all piled in that heap of a car of mine and ventured up to South Stafford High School to see Magnum T.A. before his accident. I wish I could make the service tomorrow night. I considered Lloyd a true and sincere friend.

I was in Data Processing Class with Lloyd for 3 hours a day Junior and Senior year of high school. He was a very nice and super intelligent guy. He was big into the pursuit of knowledge and I do believe he never missed a day his entire academic career. He never got a question wrong when we played Trivial Pursuit. Rest in peace my friend.
