Uncle Skip,I will always remember your smile and jokes around the holidays. We used to laugh about my Nana's rock hard biscuits and you needing the biggest plate possible since you said yours wasn't big enough. Each year Aunt Brenda would buy one a little bigger until you ended up with a turkey platter lol. You weren't a man of many sappy feelings from what I can remember, but you were a great man and loved by all who knew you. What I never told anyone was how everytime I looked at you it made me think of your dad, MY great granddaddy Sullivan. It saddens me we all didn't get together more than once a year and now not at all. Family is so important and we should cherish it as long as we can. We will miss you, Uncle Skippy!Wendy (your great niece and Ann's oldest granddaughter)

Wow Grandpa.. there are so many memories I have of you. Loved how you made us laugh. Us girls were always giving you a hard time. I remember Nana and Kelly telling us the time you pulled up to a McDonalds trash can thinking that is where you were supposed to place your order. We couldn't stop laughing for days about that. I will also never forget the gocarts you bought for us girls to ride on. Every weekend we were riding those and you were always outside working on them greasing the chains and what not. Also, every Fourth of July we went on a family vacation with you and Nana to Myrtle Beach and we always had to find a Golden Corral. You loved to eat. Every year you gave us girls an allowance to spend at the beach and we always looked forward to that. You were such a hard working man who loved your dump truck and family. I am going to miss you so much! Now who are we going to pick on?

So glad that i was blessed with you in my life. I have so many wonderful memories. How you would always let me do anything to you (cut your hair) whatever it was it always ended in laughs and with me getting you to tell nana you wanted to go to golden corral. We never got sappy about our feelings but i just wanted to let you know that you were everything to me and i wish i was able to talk to you one last time before you went. I am so proud to call you my grandpa. You were such a hard working man and had such dedication for what you believed in. Family was everything and with all of those little moments we all had as one whole family, i will forever cherish and hold those memories dear to my heart. Fly high grandpa i love you and will forever miss you.
