Lori was such a bright light in such a gloomy world. You always knew where you stood with her. She could always make me laugh. When I was sick she was there, always asking me if I needed anything, her heart was golden. I am so blessed to have had you in my life. You will be missed my friend. My heart aches for her family and loved one'd. Fly high Lori, until we meet again. I love you. RIP

Lori was a wild one. One of the best people I have ever had the pleasure of knowing. She was bold, and blunt, and also kind, and understanding. We had lots of laughs. My heart aches for her family and closest friends. I find comfort in knowing how much she was loved and how much love she gave. Rest easy my LoRaMi, Until we see eachother again

The only thing that is greater than my shock is my sadness. Lori was my coworker but also my friend. At times we fought like brother and sister but she was always there for me. When I was sick in the hospital she was always calling and texting me, she was so worried. That was Lori, always thinking about others. Learning of her passing has left a hole in my heart, she will be missed by me and many others who were blessed to have known Lori. I will think of you often my friend and may you rest peacefully in God's loving arms. David "Wayne" Bartley
