He was a disposable human being that died along time ago. He tried to cut his eldest and youngest sons in half with a machete and thought he could get away with everything. He did despicable things to slot of even my friends and Mac you are never getting out of that psychiatric hospital either. Marion is where your Grandpa is that tried to even throw your mom down stairs while she was pregnant with even you. To him all males are little girls and all little girls are little boys. He's the reason Hue Prisoner vowed to take his own life even before letting Phil Phillips play even at his parents funeral. I sing the songs I know what they really mean. To the ones who are heartfelt it can be calming. But there are some that break down even if they do sing them over even Bill Foster who is not i?literate. He and Michael Bronson didn't deserve what happened to them too. I'd sing to them. Because these people are people and I have a psychiatric license but I've always been like this. These despicable people doing all these despicable things. They don't even know what its like to get a real hug. This is what is wrong all over the world. Its not just America. Beautiful smeutiful! Because they are not damaged goods and don't deserve to be made like they are just a piece of meat.
