Jeanne, I have many memories of our life. But the best time we had together was when I visited you in California, and our trip to Atlantic city together. I'm so glad you were a part of my day to day life for last 20 years working together ❤️

One of my other of many memos memories and fun times was the surprise 50th birthday party you threw for me, I was a little suspicious a day or so before when someone came in the store asking me about the cake they were making. They thought that I was you. This happened so many times .
