Ann Louise Mundy

OCT 3, 1956 - JAN 30, 2023

Ann Louise Mundy, 66, died Monday, January 30, 2023 at Culpeper Health and Rehab in Culpeper, VA. She was born October 3, 1956 in New Kensington, PA to the late Paul B. Dickerson and Margaret B. Kantor.

Ann was number 3 of 4 children in her family, with two sisters and one brother. To those who knew her, Ann was a tough woman. She thought of herself as the black sheep of the family, who endured many hardships over the years, but always pressed through them. She graduated from Lower Burrell High School. Ann married young and had three boys. She went through two divorces, suffered the loss of her mom in 2000 and her dad in 2004, fought breast cancer, had a heart attack, and was diagnosed with cirrhosis of the liver and a tumor. Put up with a lot with her sons. She hurt, but she handled it well.

Despite the trouble, she was a lot of fun. She enjoyed riding her motorcycles for many years, taking trips across the country to Sturgis in South Dakota, Arizona, and Canada; she went all over on her bike. Ann was a member of ABATE for several years, both editing and writing in their newsletter. She then joined NCOM and was with them until around 2019 when the bike started getting heavy and her strength to ride started concerning her. That was a tough one for her.

Annie loved to sing karaoke with friends at the old Chelsea Joe's in Manassas and the Moose lodge in Stephens City where she was a member. She loved to play board games with her kids and grandkids or do some crazy 1000-piece puzzle. She also loved to break out poker chips from time to time at the house. She loved to hang out with her long-time girlfriends and just talk and do what girls do together. Ann tried to make the best as she knew how of her circumstances. She worked hard to pay the bills as a single mom for many years and often had at least 2 jobs, a day job doing data entry or research and a night job as a waitress at Joe's in Haymarket. She became a senior research analyst for about 20 years until her retirement in October 2021.

A great number of people loved Annie, and her infectious smile will be terribly missed by her family and friends who hope to carry on the conversation at a later date.

When I met Annie many years ago, we were friends instantly! We had a lot in common, including our three boys. She was a loving, devoted, caring and compassionate mom and grand-mom. She talked constantly about her children and her grandchildren, and how proud she was of all of them. She was the a epitome of a true Mother, showing her unconditional love , always. In her obituary it said she had an infectious smile-that was so very true. We both got busy in our own lives and drifted away from one another. But when we did get together it was a great reunion. Recently over the last year we got to have many more reunions We started meeting for lunch. Annie really enjoyed her food and always managed to make a happy plate. One day it turned out, we were both going to go Costco after lunch so we came back to the house, picked up Tom , and headed to Costco. We had the best time together! 😊 We looked at everything in that store it seemed. Then we came back to the house and sat in the garage and just talked. She had much to tell me and much more yet to teach me. I was so blessed for having Annie Mundy in my life. She approached her illness as she did many things in her life, her way. She never seemed frightened or anxious, always just smiling and calm. She lived life on her own terms, and that's what made her so special. One day we will have our final reunion in Heaven. RIP Dear Annie

Just heard of Annie's passing. I worked with her many years ago. I was new to the company and new to the area and Annie was very helpful, always in a good, positive mood. She was great to work with and a big reason I remember my experience there as she made a difference in making us a great team! God bless you Annie and rest in peace. John McCarron

Anne was an wonderful person. I will always remember her beautiful smile. She could sing Bobby McGee by Janis Joplin and sounded just like her. She always amazed me with her positive attitude and the love she had for everyone she met. I know she is singing in God's choir and sharing her beautiful voice. Thoughts and prayers to her family but I know she is healthy, smiling and enjoying being in Gods Grace.

The hearts of those that knew Annie now have a whole in them. However, there's a comfort knowing that she's walking healthy and whole with Jesus. I picture her singing for him and can't wait for the day that I can join her. She may be gone, but she'll never be forgotten.
