My heart goes out to Kenny's family, Suzanne, Nicole, Tony, CJ, Mr. Burton, and Johnny and Kenny's friends and co/ workers. God bless. I am deeply heart broken over Kenny's passing. I was blessed to have been in his life. Kenny had a great deep voice and I loved hearing him laughing and singing. He had a real country singing voice. Perfect. He memorized a zillion songs and could play them on guitar. Amazing talent. I will miss him beyond measure. I loved kenny so much. God bless

Hey Daddy it's your baby girl. So many memories so much I want to say, but can't put the feelings I'm feeling into words. Dad I love you oh so much. I am so proud of all the things you have accomplished. Think what I will miss the most is the long conversations on the phone. Oooh you telling me stories about your good ol days. Just simply watching you work. I was always so amazed and awe struck at the craftsmanship and the endless things you could do with your hands and wood. I'll never forget that carpenter smell that was a permanent part of your scent.....when you played me the guitar and sung to me on my birthdays. You just had away of making me feel like the best daughter in the world. I could always and I mean always come to you no matter what the situation, how extreme or how much I it may have been my fault you always had my back. I love you Dad.

Oh I didn't know Kenny died. We lived in the same house back in the day in Fredericksburg. Heck of a good guy. Hard worker. He was a great friend and a sensitive fellow.
