Judith Elaine Green

MAY 17, 1961 - APR 25, 2023

Judith “Judy” Elaine Green, 61, passed away peacefully on April 25, 2023 in Richmond, VA, surrounded by her family. She was born May 17, 1961 in Warrenton, VA to Harold Ryland Green, Sr. and Julia Beverly Green. In addition to her parents, Judy was preceded in death by her brother, Harold Ryland Green, Jr. Judy is survived by her long-time love, and partner, John W Campbell, Jr; children, Ashley P. Pfeiffer and Whittney E. Spivey of Fairfax, VA; the light of her life, granddaughter, Clover V. Ruth, also of Fairfax, VA; a brother, James Michael Green of Ft Lauderdale, FL; a sister, Patty Herndon of Culpeper, VA; and two nieces and their children.

She was employed by E-Systems, Inc (later Raytheon Corp) as a software engineer/system programmer, working on a national-level program in the Washington, DC area. Expanding her skill base, Judy was selected for multiple systems engineering and integration positions supporting a variety of national-level programs at multiple government facilities. As she gained renown for her expertise and systems knowledge, Judy was regularly a “by-name” expert the government requested to transition systems from development to an operational state. She regularly planned, coordinated, and executed those activities for systems procured on behalf of the Australian, British, Canadian, and US governments. She retired from Raytheon Corp in 2016.

Being small of frame, Judy started sewing at an early age, as taught by her mother, to make clothes that fit her. She continued that craft/hobby for the remainder of her life and was able to pass her knowledge to Ashley and Whittney. As a person who was constantly engaged in some activity, and being somewhat cold natured, she had a passion for crocheting and created countless beautiful items for herself, family, and friends.

A true animal lover over her life, Judy always made sure the birds and squirrels had

year-round food. Spring signaled the return of her beloved hummingbirds and butterflies - she was truly a kindred spirit with them.

She loved flowers and took great pains to surround the house with Daffodils and Iris among others, many originally from her grandmother's yard along with 2 Cherry trees planted in the backyard from her grandfather's orchard outside of Schuyler. And then there was Clover! From the day of her birth in Philadelphia, Clover stole Judy's heart and as her only grandchild, a special bond was created that would only grow stronger as the years passed. No greater joy did Judy have than to spend time with Clover and support her school and extracurricular activities. Judy facilitated multiple excursions for Clover (and friends) both in the local Washington, DC area and overnight out of state.

We have lost a truly extraordinary woman – one who was strong-willed, fiercely determined, self-sufficient, extremely bright, and devoted to her family. Her ever-present energy and zest for life remind us how fortunate we are to have been allowed to share time with her.

The family will receive friends from 12:00 p.m. to 2:00 p.m. on Thursday, May 4, 2023 at Found and Sons Funeral Chapel, 850 Sperryville Pike, Culpeper.

A graveside service will be held at 2:30 p.m. at Fairview Cemetery, Culpeper. The family invites those unable to attend in person to watch via livestream at

Alan & Annie Green posted:

To the family of Judith E Green, The last couple of years, Judith was working on a book about the Green family. Knowing how large the Green family is, this task of collecting names, birth dates, and who was connected to which family was a big undertaking but something Judith enjoyed in. Her dad is 1 of 14 boys. David Scott & Lelia Green were the head of this large family. They brought in this world 14 boys within 21 years! They were married 73 years. So I hope their is a book somewhere with all Judith's work. May the exiting family members be blessed with the work she did on creating a book with Green Family memories. May Judith rest in peace. With sympathy, Alan & Annie Green 1st cousin to Judith Lloyd Green is Alan's father - Judith's uncle.

I remember Judy well from working with her; she was always so professional, very pleasant and easy to work with; she had great self-confidence and she knew what she was doing. It was my pleasure to have known Judy. I am truly sad to hear of her passing. I also worked with (for) John at E-Systems - my heart goes out to him and the rest of his and Judy's family and friends at this sad time. May they feel the peace of the Holy Spirit surrounding them. Sending love and prayers.

Judy! AKA as pea wea, Was a spitfire of force. motivated by so much energy and relentlessness to getting the job done right the first time. She made working with her a daily adventure. I remember asking her how in the world did she take notes so fast in any meeting and spit it all back out in email within the hour after the meeting? Anyone that was working on a project with her was held accountable. She had a great mind. She was so much fun to work with and she taught me so much. Her devotion and love for her family, friends and her animals. always came first. She will be missed with warm and thoughtful memories. She was so little and so strong!!!

While I did work with Judy the things I remember about her are her bringing a homemade frosted carrot cake to one of my (car) races. Yummy. I remember she loved animals. Raised great kids and created a beautiful home for them. And through it all I never heard her complain once about her medical issues. They truly broke the mold after Judy. She will be remembered.

Joseph O Harley Jr posted:

Judith (I always called her Judith because I thought Judy just wasn't strong enough for her) and I began our careers almost simultaneously at E-Systems, Inc. We worked together as Software Engineers; first as rotating shift workers, then as normal day workers. We diverged in our career paths a little but throughout our time we worked mostly on the same central project; just not always in the same "office". Always, though, we often crossed paths while working together towards the same accomplishment. I always considered Judith like a little sister to me. She was very bright, very active, and very focused. We grew together and improved each other. She will be missed.

I hade the absolute pleasure of working with Judy while we were both at "the site." She was a tremendous worker and an even better person. She will be missed greatly. I am glad to have known her.

What a beautifully written and loving tribute to Judy. I am proud to have worked with Judy on multiple projects. One of the delights of that work was watching Judy descend on a conference room of us mortals and proceed to burst, with a stiletto heel, every balloon that was filled with stupid. There were moments of terror when you realized you were holding a balloon of stupid and she was headed your way. Judy made stuff work, made people try harder, and led by example. She was fierce. She was also a lot of fun. I grieve that she is gone too soon.
