I can't remember ever spending time with Clayton when he didn't make me laugh. I believe he made everyone's life a little brighter when he was around. Clayton was a good person through and through, he likely helped more people than any one person will ever know. You can tell a lot about a person by their pets - his hounds were happy and free, just like him. He's one of the few people I've ever known who I can't recall ever being angry. In today's world we need more people like Clayton. Clayton left lasting memories with so many, including myself, he will not be forgotten. Thank you Clayton, we are all better for knowing you. I've always been proud to call you my uncle.

Clayton was a great and kind person. He had done plumbing work for me for years and I never saw him angry or speak a bad word about anyone. He was also a great plumber and always stood by his work. My prayers to his family in finding comfort that he is in a much better place and at peace. Greg Gallaher
