Jesse we met when you were 16. You have always been my friend. I called you every year on your birthday and we would talk for a long time. In the back of my mind I keep thinking I have to help you get the parts for your dodge truck.When I needed help you were there and vice versa.I remember going to the truck pull in Madison and I'm rooting for Ford and you for Dodge and you tell me...Shut up with your piece of s--t and root for a good truck. Me and my grandson brought you crutches not paying attention that they were for a kid. We still laughed and joked about it sitting at the table.I know you are with your nephew, mama and dad,and sisters. Please hold him close and let him know how I love and miss him. I will miss you mind friend. And thank you for the respect of never saying I was your ex-sister-n-law. May you RIP.And you the last words we always said to each other...I LOVE YOU BUD ❤️❤️❤️
