One of the most stand up guys I've ever met. Unafraid to be himself or do his own thing. A pillar within our virtual reality community and one of the best dancers I've ever seen. We will all miss you Tucker.

Tucker aka. SteampunkDragon, was a gentle soul, a kind person, loved by everyone, inspiration to many, and a dear friend. Ill never forget when you waltzed into all of our lives as happy and outgoing as anyone could aspire to be. He was always there to defend those who had no voice and was always available for anyone to lean on. A true soldier by definition. He had such drive and ambition, he didn't know the meaning of quit. This news was a shock to many people and we all wish we could make things different. But instead of live defeated, I believe he would want us to pick ourselves up, dust ourselves off, and keep driving on while spreading joy wherever we go. I'm going to miss you buddy, we'll see you soon.

Tucker was such a passionate, creative, loving, and beautiful soul. He was so supportive and kind no matter the circumstances or situation, he loved every single person he met with his whole being and that will never be forgotten. He inspired me time and time again to pursue my passion and give it my all. I will never ever forget Tucker or the light he burned for this world. He was taken far far too soon and had so much to give to this world. This is a devastating loss to anyone and everyone who had the privledge of meeting Tucker. I am so sorry for this loss and may everyone who loved him feel him guiding them and watching over just as he did in life.

I was a kid that moved around a lot and Tucker was one of the first people in OCHS that welcomed me with literal open arms. I remember the time he randomly remembered my birthday and made me an origami ball with points out of index cards, You will be so missed, by so many
