I just wanted to express my sympathy and let the family know, I love you guys soo much. For the last four years, being one of the main stops for Allens care, I have had the chance to get to know a handful of you all! I cant tell you how many times, how many days you all kept me smiling...those were days many of you all couldnt smile. Robin used to make sure we had at least one laugh before she left, usually I kept her at the window on purpose because she made my day soo much better! I am soo thankful to have been a person at the front of his care and getting to know Allen and you all, has been such a blessing. I love you all soo very much and am soo sorry for the loss of Allen. Love more than always, Virginia (your favorite pharmacy tech) ❤️
