Rob, My condolences to you and your family. Seems like yesterday you lived just up the street being a dumb kid doing dumb stuff getting in trouble with your dad. Thinking of you and your family during this difficult time.

Sending warm thoughts and condolences to Judy and family upon Bob's passing. Bob was quite a lovable character and it was a pleasure to live across the street from your family for many years. To this day I think most nights about whether my garage door is still open (Judy will know what I mean). I am hoping this very difficult time will pass and transition into a gentle remembrance of a wonderful lifetime shared. With much affection, Debbie Villari
