 “ I saw Gary several weeks ago and he told me that he probably would not see me again. He was so brave in his fight with ALS. He told me that Maryleen would be fine because she was so strong. He was absolutely right... she is! She is confident, loving, caring and compassionate. I am so proud of her... she is my little sister. I am thankful for the many friends that they have that have been there for them during his illness. You find out who your real friends are when something devastating like this happens. Maryleen and Gary have so many special memories that they made at the beach. " Memories made at the beach will last a lifetime." I know Maryleen will be surrounded by people that love her. Rest in peace my dear brother-in-law. Your battle on Earth is done. Jesus has prepare a place for you. In loving memory, Brenda
