“ Sending so much love and comfort to your family: you remembered me on sight at every appointment, you remembered off the cuff mentions of my family or my treatment. You were impossibly kind and empathetic to everyone.

“ To Julie's family,
She loved you so much. It was obvious when she spoke so proudly of her children & family. Was shocked today to find that she was gone. Enjoyed so much talking with her when checking in at Riverside. One of our last conversations was about all of the many places she had lived in & seen. Looked so forward to hearing more. She said she needed to record those stories for her children. You all have my sympathies. She will be missed by many. Karen Clifton

“ Julie and I worked together at RMH in Guest Services then we remained friends after we'd both left that location. I thought she was hilarious, and we had a lot in common and I was just really happy to have her as my friend. I admired her dedication to her kids, her devotion to them is a standard all moms could follow. (Olivia and Jude I'm so very sorry, my heart is just shattered for you guys) Julie was very supportive when I lost my daughter in 2014, it was obvious she was totally crushed to hear the news and I so appreciated her kind words. I will miss her, and always feel so badly that we had gone so long without hanging out. Love you Jules, thanks for the friendship...

“ I had the pleasure of working with Julie for 8 years and she was truly a blessing to our practice and to our patients. She always greeted everyone with a smile and genuinely cared about our patients. She was a devoted mother and so proud of Jude and Olivia. I have not seen a more involved mom to her children! They will feel her love and her guidance thru many years as they grow. Julie will be missed by many.

“ I was so shocked to hear about Julie. We met almost 12 years ago with Olivia was a new baby Julie drove all the way to our home in Reston to bring us our sweet dog Taylor. We had a nice lunch, got to know Julie and of course have been blessed to have this sweet dog ever since. Julie said she would always stay in touch because the pup families were like family to her - she was true to her word and we kept in touch. She was always so helpful with pup questions but we also bonded over kids and travel. My heart is heavy and I hope her memory is a blessing to all.

“ Julie was a wonderful, fun, intelligent, and supportive friend who I got to know when I was a professor at Virginia Tech. She turned me on to many movies that are still in my collection, and I have fond memories of long conversations and good meals together. Grateful to have been her friend.
