“ Miss Linda was absolutely one of my favorite people. She was my youngest sons (Jeffrey)babysitter for many many years here in Stafford. She took such good care of him and always helped me in so many ways. I wasn't the most responsible person at that time but she never pass judgment or called me out on the dumb things I did. She always build me up and made me feel loved. I kept in touch with her on and off, and several years ago through Facebook. I hadn't talk to her in about 2 1/2 years. I am regretful of that. I am so thankful to have known her .

“ You had a huge heart of gold and one of the best laughs. You and your family were an amazing support for my family when we needed help, I wish you got to meet my little one she would adore you just like my little brother and I did when we were small.

“ You were the type of woman who literally would jump in a firetruck to help a stranger. A woman who truly lived her life by sharing her spiritual gifts with others to enhance their lives and spread the love of Jesus. We lost a lot by losing you we gained so much by having you while you were here. Always compassionate, understanding, giving, forgiving, loving not just words, every part of your life. I doubt you ever met a stranger. When we met, you only had two grandchildren, oh how God blessed you with more babies to love. I am so sorry I didn't get back in town in time to tell you this in person; I love you, thank you and I will never have a crab boil or eat gumbo without remembering past years of family time, laughter and love.

“ I will always remember that Linda and my mom (Sylvia Burger) had the same birthday. They often would call each other on “thier day” and they can chat all day now that they are both home.
Harshman family; I've known you all a very long time and know how close you all are; You're mom/wife would want more than anything for you all to hold tight and support each other—she loved you all!
I pray that the Lord Jesus; whom Linda is now dancing with, will give you peace and comfort.
Until we all meet again,
Ginny Wernli (Zack, Vicki and Kyle)

“ My mom was my rock in life she was always there for me she supported me in my successes and in my failures. She took in homeless people and added them to our family. She loved Jesus with everything in herself and always put everyone before herself. She always loved family get togethers to see all of her kids, grandchildren and great grandchildren be together all at the same time sharing and laughing and remembering old times it would put a smile on her face. I am heartbroken that she has been taken this way from us but glad that she has taken the next step in her life to go and be in heaven and join those that have gone before her. I am proud to be called her son, I could not have asked for a better woman to call my Mom. She is a breast cancer survivor. I will never forget her. She was truly an example of Jesus to everyone she meet. There are no words to describe the love I have for her and for the blessing she has been to me. Thank you too everyone that has prayed for her and us over these last two weeks. I love you Mom
