“ Dearest Thuan, our love and prayers are with you during this very difficult time. We shared many happy times at Hardee's, dancing at Shannon's or the Eagles, going to Graves Mountain and sharing a delicious dinner you and Vono cooked for all of us. Vono kept a smile and glow for you and loved you dearly. Our last visit with him, he was sitting on the front porch holding a plate of deviled eggs for Glenn. We sat by the pool and shared good times! Vono loved being with people and we all loved him dearly. God bless Vono, Thuan and all his family.

“ Pop and Betty were my in laws from my first marriage. Legally only family for 18 years but in our hearts we were family forever. I will never forget the welcoming feeling of their home. There was always good food and hot coffee. Pop was the one who got me hooked on coffee with French Vanilla creamer. Lol Pop and Betty were a big part of my life and my children's lives growing up. We always celebrated the holidays together. They loved big family dinners especially around the holidays. And I am grateful for having those traditions together over the years.  
I didn't get to know Thuan very well. But every time I came around she was very sweet and would offer me food. I know Pop was happy the past couple of years with her.  
Praying for the family during this difficult time.

“ He will tell ya he makes the best crabs! He loved getting his family together over a meal. Even if you are not hungry you can't turn down food from this guy! He made the best spaghetti and roast beef sandwiches also. Grandpa was always very proud of his family and I know all his friends heard all about it.

*My memories go back to as far back as I can remember. I do remember he was a strong male figure in my life when my father couldn't be and family and food made him the happiest when they were together. He was a very talented painter and Carver of wood and thank goodness I have those memories around me that he gave me. I never have loved anyone the special way that I loved my uncle Vono and I never will. We've both loved animals in shared that between each other whenever we got together. My heart is breaking right now for my loss but I know every day I will get closer to seeing him and laughing and smiling with him again. I will never forget his practical jokes and how much he loved to fish and eat crabs with all of us. I love you Uncle Vono and I will be thinking of you until we are together again. And I want to thank you especially for treating my Frankie so special when he was around you. I love you your loving niece Leslie*
